Description

REDEA was established as a company in the public domain and is funded by the **Međimurje county** as the founder and sole owner, and is accredited as a regional coordinator for Međimurje County (according to the Regional Development Act of the Republic of Croatia).

As a regional coordinator we provide professional assistance to regional development of Međimurje with commitment and enthusiasm. DEVELOPMENT is the key word for us. We deal with strategic planning as a precondition for focused development, economic development, agriculture and rural development as well as human resources development.

We encourage constructive suggestions and respect different viewpoints and interests. Strong work ethic and aspiring for excellence as well as taking up challenges and using creativity in problem solving is what distinguishes us.
