Apea

work in progress

BILATERAL MEETINGS

Thursday 15:30 - 17:00

DESCRIPTION Apea is business for education, promotion and production. It is providing consulting activities and materials for waste management hierarchy and circular economy. Currently, the focus is on startup "Adventures of Eco", android, ios and computer game about waste management hierarchy. The goal is to affect thinking and behaviour of players, everyday waste producers, in real life.
